

## **SO HIGH**

**It's not a job we're made to do  
It's a ladder that we're clinging to  
It's all pie in the sky  
so high  
so high**

**We get caught up in the whirlwind  
We come falling back to earth, and then  
We start climbing again  
so high  
so high**

**repeat until we die**

**YOU SET MY FEET ON A ROCK  
YOU MAKE MY FOOTSTEPS FIRM  
YOU LIFT MY SPIRIT HIGH  
SO HIGH**

**Running up the wrong hill  
Took another nasty spill  
Fresh out of supplies  
unwise  
unwise**

**Chasing everything that you can be  
Is gonna kill you eventually  
And when you bank on security  
it comes  
it goes  
then the account is closed**

**YOU SET MY FEET ON A ROCK  
YOU MAKE MY FOOTSTEPS FIRM  
YOU LIFT MY SPIRIT HIGH  
SO HIGH**

**THE SONGS YOU BRING TO LIFE  
FOREVER TESTIFY  
I WANT TO LIFT YOU HIGH  
SO HIGH**
